

1 March 2018

Dear Parents,

We would like to inform you that Madagascar Professional Training Centre is a qualified centre of Pearson UK test in Antananarivo Madagascar. Therefore, we encourage the learners to take the international PTE Young Learners Test every year. Pearson Language tests (PTE) delivers PTE Young Learners in association with Edexcel, a Pearson Company in United Kingdom.

The PTE Young Learners Test for **JUNE 2018** session will be as follow:

- **Oral test period: 02 till 16 June 2018**
- **Written test: 16 June 2018**

The PTE Young Learners is designed to be interesting and fun for children, making their first experiences of learning English memorable and motivating. The test uses real-life scenarios rather than grammatical exercises to test children's ability to communicate and understand.

PTE Young Learners provides fun English language assessment for students aged six to 13, delivered by Edexcel, the UK's largest examining body.

There are four different levels of PTE Young Learners, from beginners to a basic understanding of English [First **words**, **Springboard**, **Quick march**, and **Breakthrough**], to suit students for pre-A1 to A2 level on the Common European Framework of Reference.

The tests assess a young learner's ability to use English language communicatively, with an emphasis on real-life scenarios rather than on knowledge of specific language items and vocabulary.

Benefits of PTE Young Learners:

- Realistic- relevant and authentic situations from everyday life which children understand
- Child-friendly format-structured to make children feel comfortable and relaxed
- Fun-designed to encourage learning and stimulate interest in English
- Practical- measures real English by focusing less on grammar and more on communication
- Builds confidence- allows children the freedom to express themselves and show how well they can use English
- Measured progression- children can build a portfolio of certificates, awarded by Edexcel, the largest examining body in the UK

Test content:

The test is designed to assess communicative skills and abilities that students build over the course of their regular English lessons.

Each level has one written paper which includes assessment of listening, reading and writing, and a short oral test performed in a fun, interactive game.

Would you please kindly let us know the appropriate level of the PTE Young Learners test that your child/ children want to register?
